

Summer Dangerous Camps 4 Kids

I think you guys have tapped into something really important and under appreciated in society: the important role of risk taking in growth. Luke has rarely looked so energized and happy as he was last week. He was proud of what he was doing and he loved doing it!
Dave Ponton

Peter had a blast and learned new skills while also building more confidence and independence. It also pushed him (and us) outside our comfort zones which is where the magic happens!
Emma Staples

With the success of last Summer and this most recent Spring Break we are delighted to offer four camps for Dangerous Kids and their Brave parents!

For those aged between 10 and 13ish, this is the camp where you will do those things that you have always wanted to do but been told you cannot because, "it's dangerous". You will make fires –without matches, use power-tools, climb trees, build shelters, make improvised weapons & traps. You will learn basic first aid – for when your friends injure themselves doing dangerous things! You will learn negotiation and problem-solving and how to make decisions as a group. It will not be easy and you may even want to quit - but you will persevere, adapt and overcome. You are guaranteed to leave with legendary stories!

Week 1 - July 2-6 Day Camps (1 overnight, \$500)

Week 2 - July 16-20 Dangerous Expeditions (3 overnights, \$600)

Week 3 - July 9-13 Day Camps (1 overnight, \$500)

Week 4 - July 23-27 Dangerous Expeditions (3 overnights, \$600)

For all overnight elements of the camps, female facilitators will be part of the leadership team.
