Model:	SS16	Hours:	50
Length:	16'		
Drive:	Outboard		

**View at:** 5016 57 St, Vancouver, BC, V6J 1M7

Misty River 16ft Aluminum Tohatsu 30hp Boat, engine upgraded a couple years ago with a new MFS30D. It's been a good boat for me. It has a very slow leak somewhere, although I recently found a hairline crack that I filled with JBweld so that might have been it. The motor is great with electric and pull start (I wanted that so I wasn't reliant on a battery). The trailer is trash, only good for around town in my opinion. I've been using the boat for mostly hauling nets in the bay and one muskox hunt this summer.

**Price: \$ 6,500.00 or best offer**
