## Woods 3-Star Winter sleeping bags

Two heavy duty WOODS winter sleeping bags rated for -15degC. Newer bag has HD green nylon bag (w bad zipper) and older bag has thinner nylon cover (zipper OK).

From personal experience, both bags NEED to be used on top of an insulated self-inflating sleeping pad OR 2" thick foamie if sleeping directly on the ground at -15degC. Colder temps would likely have been OK at a lower overnight air temperatures if better ground pkg used (recommended - a 12" H camp cot w 2" foamie pad). Bags originally cost \$200+, asking \$125 + \$75.
