## -18 C sleeping bag

Mountain Hardware Rook -18C/ sleeping bag.

Long size, all down, mummy type bag. Warm while still being light and packable for skiing or backpacking. Purchased a few years ago from Overlander for ~\$400. Gently used a handful of times, but it is too small in the shoulders for me. Comes with compression sack for field use and a large mesh storage bag.

**Price: \$ 150.00**

Phone: 403-998-2037
