Purebred Mini Schnauzer Puppies – Ready for Loving

Age: Baby
Size: Small

Recently born purebred Mini Schnauzer puppies (partial show-line pedigree) available for select homes. The Mini Schnauzer is an incredible breed of dog that our family has truly fallen in love with. Along with their love for snow, intelligent and spunky personality, they are highly trainable and hypoallergenic.

Their current colour is black, but they are expected to develop into the classic salt & pepper colouring as they mature, with possible lighter silver or warm highlights.

Puppies will be able to go home with you at approximately 4 months of age (July). By that time, they will be well-socialized and will have received all appropriate vaccinations.

We are looking for loving and suitable homes for a few puppies.
Please feel free to contact us with your details to discuss further.
