Purebred Mini Schnauzer Puppies

Age: Baby
Size: Small

Recently born purebred Miniature Schnauzer puppies from strong show-line pedigree.

The dam is CKC registered, and the sire comes from AKC lineage.

Our family has truly fallen in love with this breed — intelligent, loyal, and full of personality. Mini Schnauzers are highly trainable, hypoallergenic, and well-suited for both active individuals and families. They also handle northern climates well and enjoy being outdoors.

This is a small, one-time litter raised in our home with daily care, attention, and early socialization.

Their coats are currently a mix of black with some white/grey. As they mature, they are expected to develop into the classic salt & pepper colouring Miniature Schnauzers are known for (as shown in the two pictures of our dam).

Puppies will be ready to go to their new homes at approximately 4 months of age (July), allowing for proper development and a strong start. By that time, each puppy will be:

- Fully vaccinated
- Microchipped
- Dewormed
- Health checked

We have a few puppies available (male & female) and are looking for responsible, loving homes.

\$2,500 each
