**Make:** Yamaha  
**Model:** Venture

Drove 200km this season, works great, full tank of gas and comes with cover. Have had professionally maintained and spent \$2400 to get it running top shape. 2 stroke that starts at -30 and comes with a battery. We're moving this summer and need it gone.

I think it's worth \$3000-3500 any day. My loss, your gain.

**Price: \$ 2,200.00 or best offer**
