2007 GMC Sierra 1500 Classic HD
5" BDS suspension.
35" Toyo tires.
22" Mayhem wheels.
SLE trim

Been a great truck over the years. Never an issue with transmission. New power steering pump and hose. However, has not been taken care of properly in the last couple years. Comes with a list of issues:
- Engine misfire - Damaged front bumper - Spongy brakes - Drivers side door does not open from outside - Cracked windshield - Damaged passenger side view mirror.
Given current condition, would not recommend to drive past airport Needs some TLC
\$2500 open for negotiation
