Male Jumbo Coturnix Quail

Age: Adult
Size: Small
Gender: Male

Hello!

I'm looking to rehome a male jumbo coturnix quail. He is approximately 2 months old. My ratio is currently off and my flock does not accept him so I'm hopeful he will be able to join someone else's!

Asking a small fee so he goes to a good home!
He really is a nice bird! Big personality!
Needs to be housed with other birds. Cannot be a solo pet!

Please reach out if you can give him a nice home or know someone who can!
Thanks so much!

Price: \$ 10.00
