View at: Yellowknife, NT, X1A 2J8

Great car for year-round YK use priced to sell. No accidents. We bought the car three years ago and have done regular maintenance and oil changes since. We have winterized the car and have never had an issue with it starting or running smoothly in the winter or summer.

Comes with built in roof racks, rear bike rack, ample cargo space, block heater, battery blanket, and trickle charger. New battery was installed last year. New power steering and radiator installed in 2023.

We are also including a spare set of studded winter tires that have two winters of light use with lots of life left in them.

Price: \$ 5,000.00
