NEW - Salewa Alp trainer 2 - W8 (fits like 8.5-9)

Beautiful pair of oatmeal and black Salewa hiking shoes, New with tags. Selling because I ordered online and they are too big.

If you usually wear a size 8 (I am usually a 7.5-8) these will run too big so I suggest you measure your feet in cm (closer to 25cm) as they will fit more like a 8.5-9 although the size is US 8.

Original price is 260\$. I ask 180\$.

Here are the specs:

Light trail shoes for rugged mountain terrain that keep feet dry and supported, with grippy soles and a snug fit for stability on steep, technical trails.

Take on all types of mountain terrain in these Alp Trainer 2 Light Trail Shoes. Antimicrobial treatment resists odour build-up, so they won't smell fierce after a long day in the heat. Lacing all the way to the toes allows you to cinch down the toebox in technical terrain, and the sturdy outsoles keep you upright on steep and varied terrain.

Suede leather and stretch fabric upper with GORE-TEX® Extended Comfort waterproof-breathable construction
Polyurethane-coated leather rand protects your foot and shoe from trail abrasion
Cleansport NXT organic natural odour control
EVA midsole combines cushioning and support
Salewa 3F System connects the instep with the sole and heel for a supportive, flexible fit
Vibram® Alpine Hiking outsoles for traction, secure footing and firm support
