There was one insurance claim during my ownership after I slowly caught the passenger side on a cement planter while going through a barricade. The passenger door was professionally replaced through insurance — NOT a motor vehicle collision.

There are also two small scratches on the rear driver's side that were there when I purchased it. Nothing hidden — what you see is what you get!

A great option for a second family vehicle, first vehicle, new driver — or anyone wanting a well-cared-for, low-kilometre SUV without the dealership price tag!

\$24,999 – open to reasonable offers.

Serious inquiries welcome.
